

ごあいさつ

昭和45年、人口38,749人をもって市政を施行した福生市も現在は55,000余人を数える程に成長いたしました。

この間、市民が健康で快適な生活が送れるよう公共下水道や道路などの都市施設、市民施設としての市民会館、図書館、体育館、地域会館等都市基盤の整備を着々と進めてまいりました。

これからは、まさに教育文化、福祉等のソフト面での充実が求められるところです。

現在、「福生市第Ⅱ期総合計画」の策定作業を進めておりますが、福生市の自然環境を生かし「活力ある市民のまち福生市」にかける夢を市民の皆さんと共有しつつ、市勢の伸展に努めてまいります。

このたび、これまで市民の協力によって築いてきた市と、そこを生活の舞台としている市民の姿と鼓動を「市勢要覧」としてまとめました。少しでも本市をご理解いただく一助となれば幸いです。

福生市長 田村 匡雄

In 1970, Fussa city upgraded its community to city status and started out with a population of 38,749.

Our city has steadily grown since, and today we have a population of 55,000. We have strived for the citizens to be physically healthy and enable them to enjoy a splendid life.

In order to achieve the above goals, we have made efforts to improve and or modernize our public utilities, such as city water, sewer, roads and highway systems. We also built facilities for the benefit of our citizens e. i. auditoriums, libraries, gymnasiums and community centers.

From hereon, we want perfection in the area of "software", in terms of cultural education, welfare and well being of the citizenry at large.

Today, we are in the process of programming the second phase of our consolidated master plan which involves effective utilization of nature and its environment.

I want to invite our citizens to join me in pursuing a dream for realization of an active and vigorous Fussa community.

In this regard, I have compiled a brochure, which depicts the accomplishments through the endeavors of our citizens.

It also portrays the "upswing" and activity of the citizens in an arena of our day-to-day endeavors and undertakings.

Masao Tamura
Mayor of Fussa City
